With the remarkable success of 10th Erbil International Building-Construction, Municipality Equipment Exhibition Erbil International Fairground is ready to open its door to construction professionals from all around the world. 11th Erbil International Building will be organized in the biggest city of Iraq and the capital of Northern Iraq Regional Government with the attendance of thousands of industry professionals. Erbil Building Fair which gathers the Middle East Building professionals under a unique roof will display latest technologies and innovative products once again.

The Unique Building Platform

of Middle East Region

17 Visitor Countries

12.000 Professional Visitors

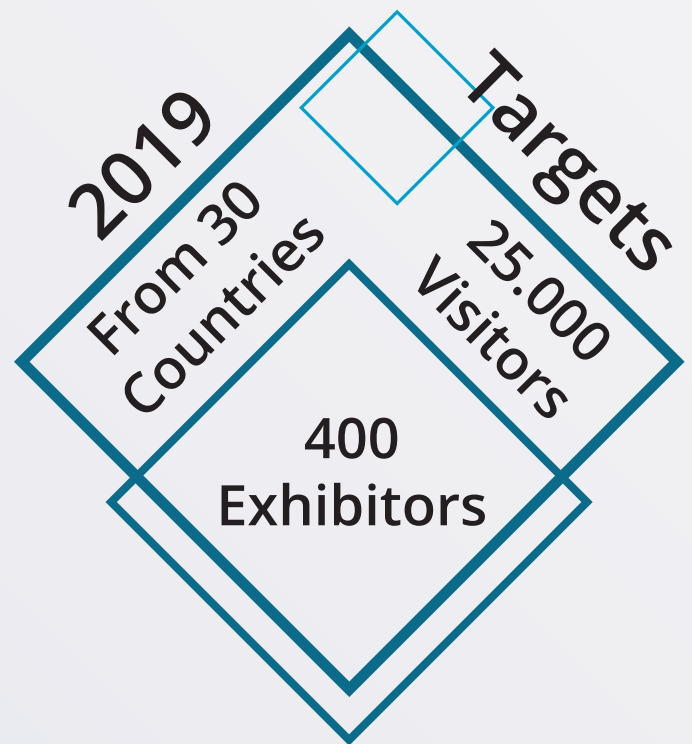

Iraq's reconstruction has created a huge demand for construction expertise and capital. The real estate development, construction, and building material industries are all ripe for investment. The large number of construction projects in industrial sectors and infrastructure will require vast amounts of building materials, design capacity, and construction expertise. Opportunities are available across all geographic areas and the already high demand will continue to grow.

Why Exhibit?

- At present rates (2.6% annual growth), the population of Iraq will reach 40 million by 2015, creating a need for almost 3 -3.5M new housing units.
- The government estimates that 85% of home building will be carried out by the private sector
- The housing sector will represent ~ 17% from Gov. Inv. Distribution between 2010-14 Housing
- US\$ 30 billion in government spending on housing over the next 10 years
- 78 housing projects worth US\$ 5.8 billion in the Kurdistan Region
- New medical facilities worth US\$ 4 billion
- New industrial areas in different governorates
- Real estate project outside Baghdad US\$ 20 billion
- New 500,000 m² tourist city near Kut worth US\$ 1 billion
- Estimates of reconstruction expenditure in Iraq run into the tens of billions of USD, with USAID conservatively estimating at least \$150 B USD
- Private foreign investment in Iraqi housing is expected to grow robustly
- Investment licenses have been approved recently for more than 40 projects which range from five star hotels, commercial malls, storage and food processing, to commercial development facilities at an airport Building Iraq by projects
